

# David Fahrer

NFTY SAR Social  
Action Vice  
President

## Why I'm running

I am running for regional board for so many reasons. Firstly, I love NFTY SAR because of the friendships and the passion the region brings out in all of us. In addition to that, I think that right now is a crucial time for social action, and I want to get more involved in the NFTY community. I am running because I know how much everyone in SAR is capable of and I want to help everyone with issues they are passionate about

## Experience

- Set up a Clothes/Toys drive at KKBE (2019)
- Fall Kallah Welcoming Ambassador (2019)
- Worked with other teens to create a statement on our temples behalf regarding the immigration crisis (2019)
- CHARLEY SAVP (2019-present)
- Lobbying in Washington DC with the RAC (2019)
- CHARLEY CVP (2018-2019)
- CHARLEY's Camp Jenny Carnival (2017-2019)
- Volunteer work with various organizations such as One80 place (a homeless shelter), community service events at KKBE (my temple), elementary schools, and multiple others (2016-present)

## If I could change one thing...

If I could change one thing about how NFTY SAR does social action, I would create time at events, whether it be through programs or just a discussion at a meal in which I would sit down with SARites and listen to issues they are passionate about in order to expand SARs Social Action agenda to include everyone's voice rather than only focusing topics I'm passionate about

## **To strengthen SAR and incorporate social action outside of regional events I will...**

-Reach out to SARites and help them with TYG social action or any local social action they might be running in their communities

-Implement biweekly calls with the SA network to share social action ideas or programs for TYG events, listen to issues people are passionate about and help them make their voice heard, and help each other with Camp Jenny fundraising

-Challenge SARites to take action by whatever means they can; donating to non-profit organizations, starting drives or fundraisers or taking part in marches or rallies. I plan to do this by helping each SARite find an organization or march in their community that they can get their TYG or even all of SAR involved in

## **I will work as part of a team to collaborate in planning events by....**

-Listening to and incorporating fellow board members ideas

-Helping fellow board members whenever they need

-Focusing on the best ways I can contribute

-Remaining in constant communication with the rest of the board to yield maximum efficiency in event planning

## **I plan to strengthen SAR's participation in Camp Jenny by...**

-Promoting, contributing, and participating in TYG and individual Camp Jenny fundraisers and find new ways to raise money

-Having programs to educate the region on what Camp Jenny does, the application process, the different positions, and how to get involved so that SARites are more prepared to fundraise and apply

-Giving SARites more of a voice in the theme selection and potential programs at camp

-Utilizing the knowledge and passion SARites have about Camp Jenny to get each and every TYG and community in the region involved so that we can send even more campers

## **I plan to offer social action programs that are inclusive to multiple points of view by....**

-Being completely objective and equally considerate to all views while programming

-Addressing SAR before interactive programs where SARites views on subjects might differ to ensure that SARites listen to, acknowledge, and respect everyone's opinions

-Conferring with regional board to clarify that a program is inclusive to all of SAR

-Recognizing that SAR has diverse views and creating programs where everyone can participate and voice their opinions equally
